Quiz

Midterm

Assignment

Due March 4 at 8:00 AM

This midterm is to build a single-page website from the given prototype design. The content and the images to be used on the design are also provided below.

Note: You are to build the layout as per the given prototype. You are allowed to change the subject, images and colour of the site.

Requirements

- Create a new folder named "midterm" in your GitHub repository
- Add CSS file and images in proper folders
- Header - Use the image tag to add the image and position the site title on top of it
- Article - Image should have the text wrapping around it
- Facts - Use proper syntax for listing the facts
- Form - All the inputs must be linked to the relative labels.
- The overall design should be as close to provided mockup as possible.
- HTML should be valid, well-formatted and containing comments
- CSS should be valid, well-formatted and containing comments

Stage Commit and Push your changes to your repository

Test your webpage on the URL **abcd1234.github.io/midterm** where **abcd1234** is your Algonquin College username

Submission

Submit the URL to your GitHub pages website
abcd1234.github.io/midterm
